

K2 MFG LLC

CUSTOMER DRIVEN

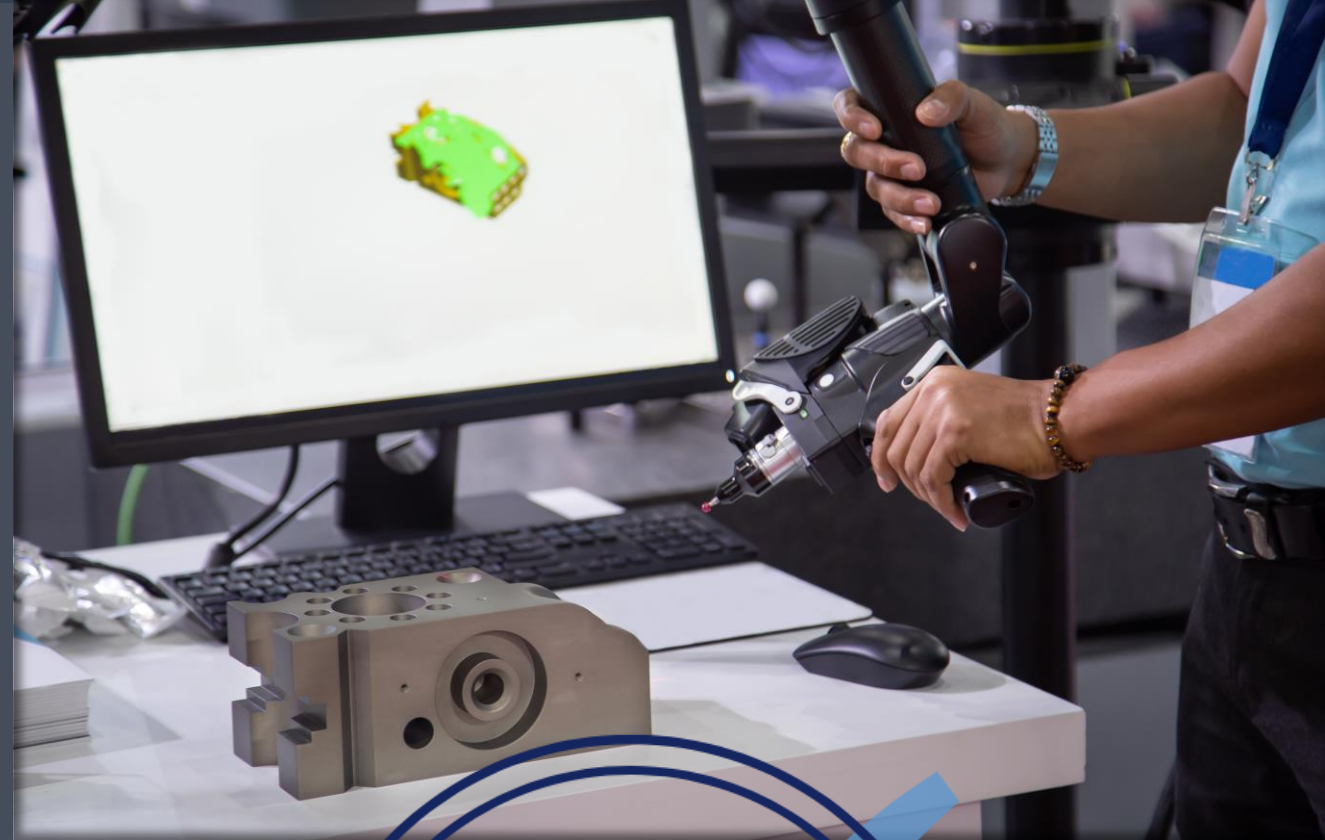

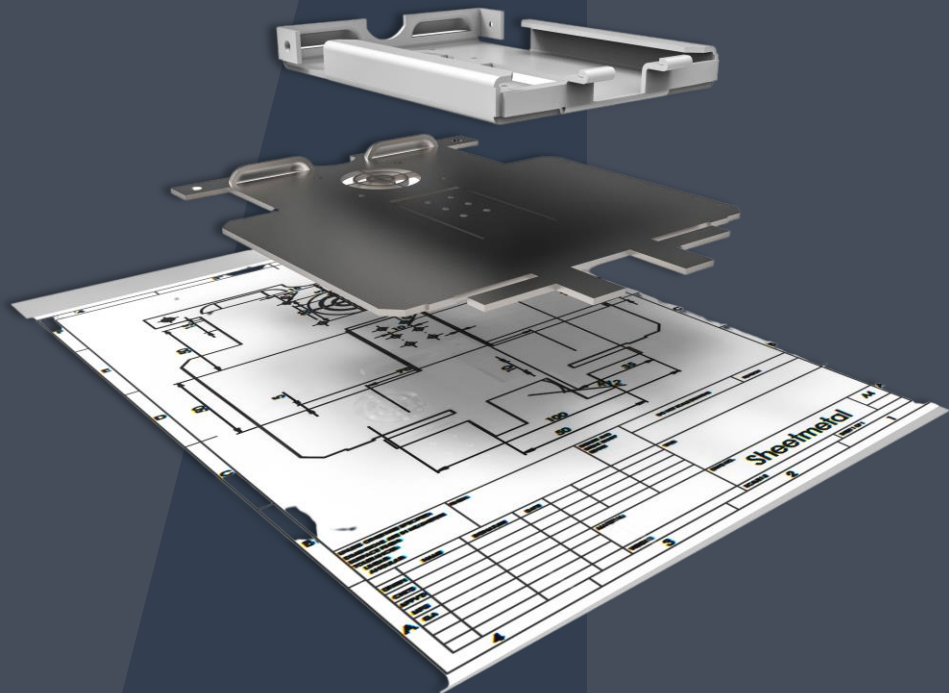

ABOUT US

At K2, we specialize in precision sheet metal manufacturing across many industries. We help our customers from initial design to the delivered end product. We aid in the logistics of sourcing parts and hardware to final packaged products, shipped to your facility. This helps alleviate the typical logistical headaches that come along with bringing a product to market. Our team is committed to building lasting relationships, parts that exceed our customers needs, and giving you a customer service experience above the rest.

UNMATCHED QUALITY

Whether its commercial bracketry or DOD rated Aircraft parts, our quality system is certified to the AS9100 and ISO9001 standards and we build every part to this standard. Our customers can rest assured that we do everything to make sure your products meet and exceed standards.

HOW WE CAN HELP YOU GROW

PLANNING

Understanding your needs

- We use DFM and 3d CAD to simulate our process before a part is ever made. This helps you get your products to market quickly. Whether a fully developed product or a new idea, We can help you bring it to life.

SOURCING

Time and cost reduction sourcing parts

- Most customers require more than just metal. We understand this and our team is excellent at sourcing the parts and supplies it take to complete the job.

MANUFACTURING

Parts built to your requirements

- We apply LEAN methodology to help streamline the manufacturing process through our shop with validated and detailed processes.

QUALITY ASSURANCE

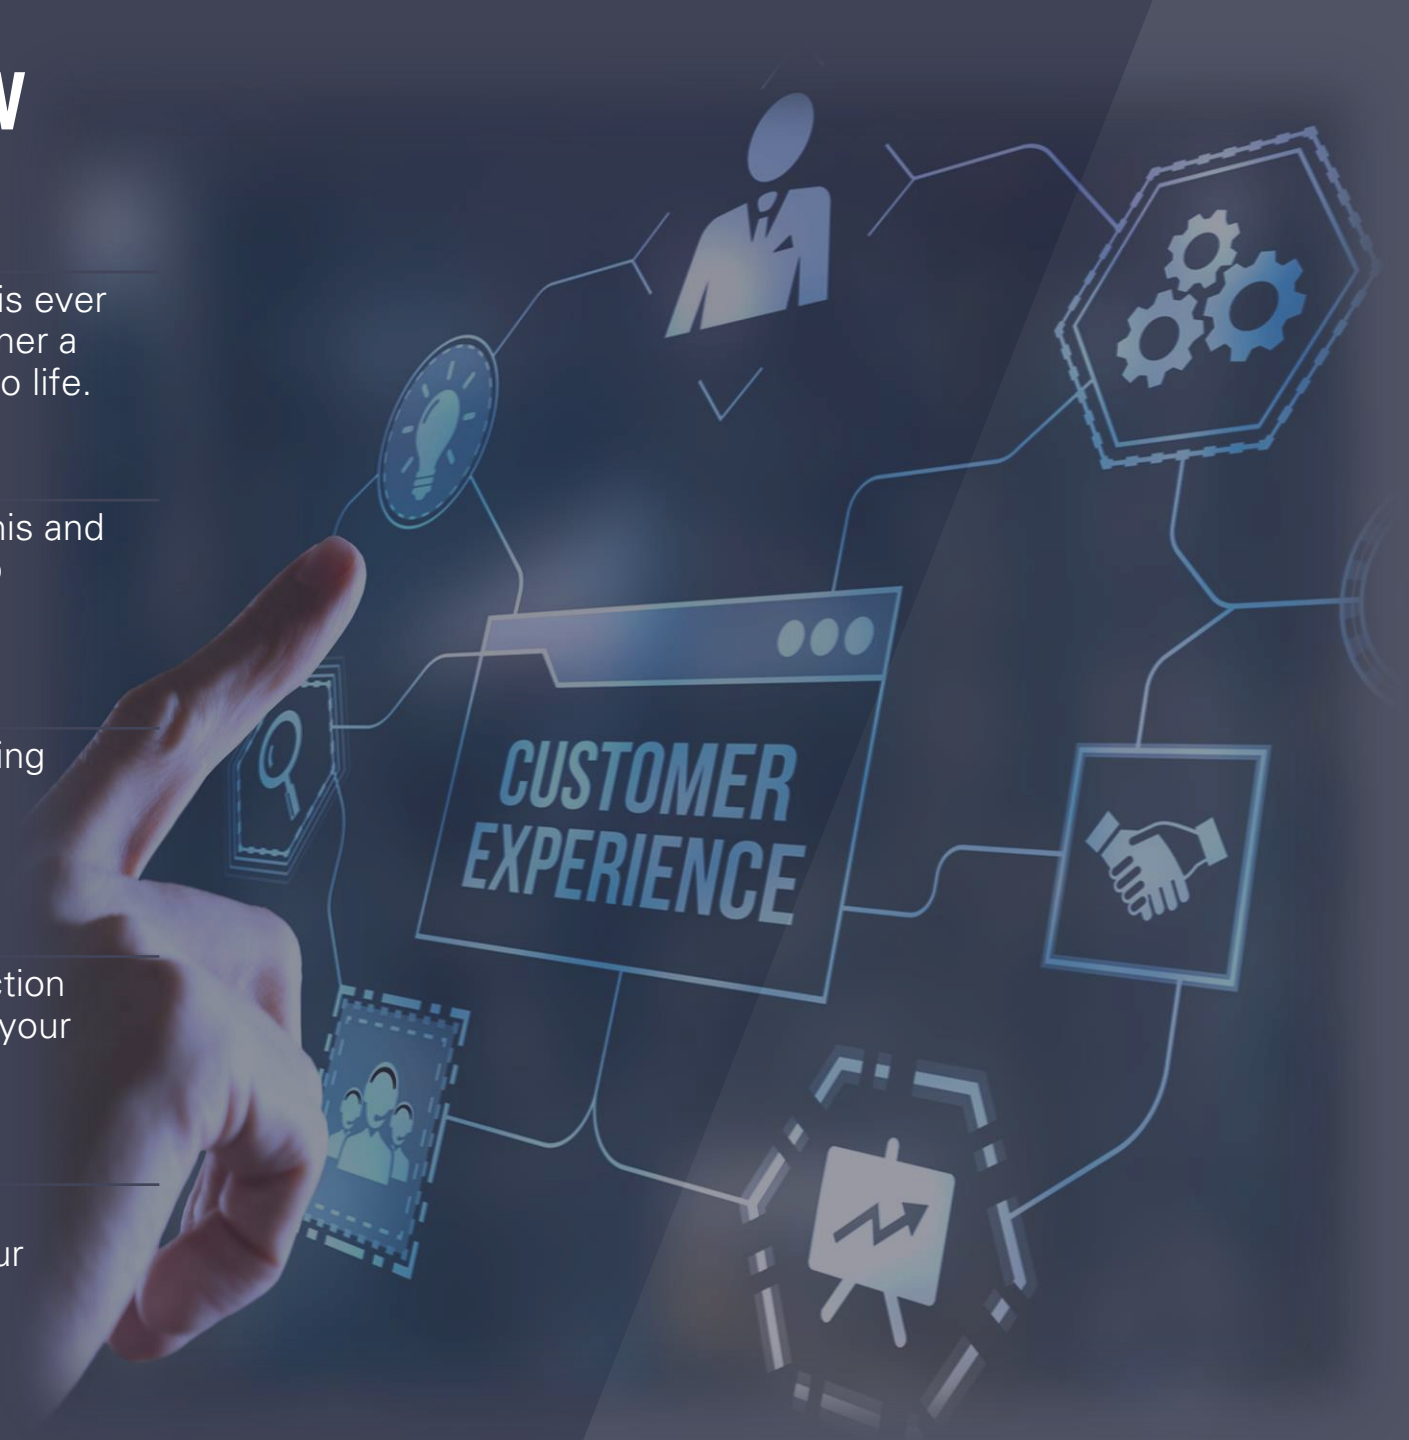

Quality and consistency

- Through each of our validated processes, we have quality inspection check points. This is to ensure all parts are consistent and meet your requirements.

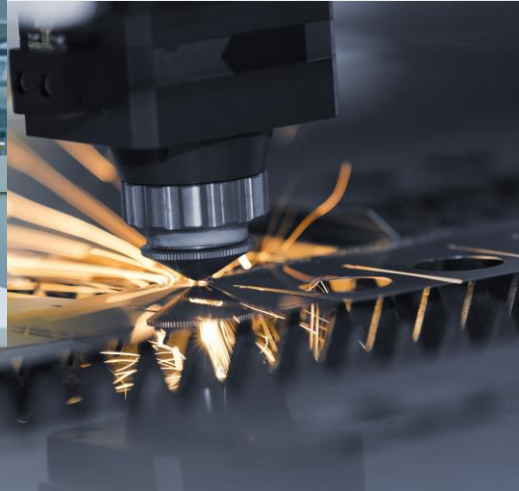

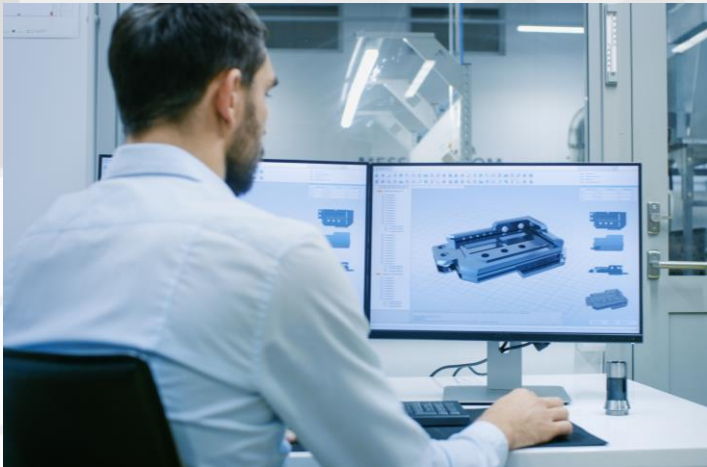

FULFILMENT

Packaged and delivered

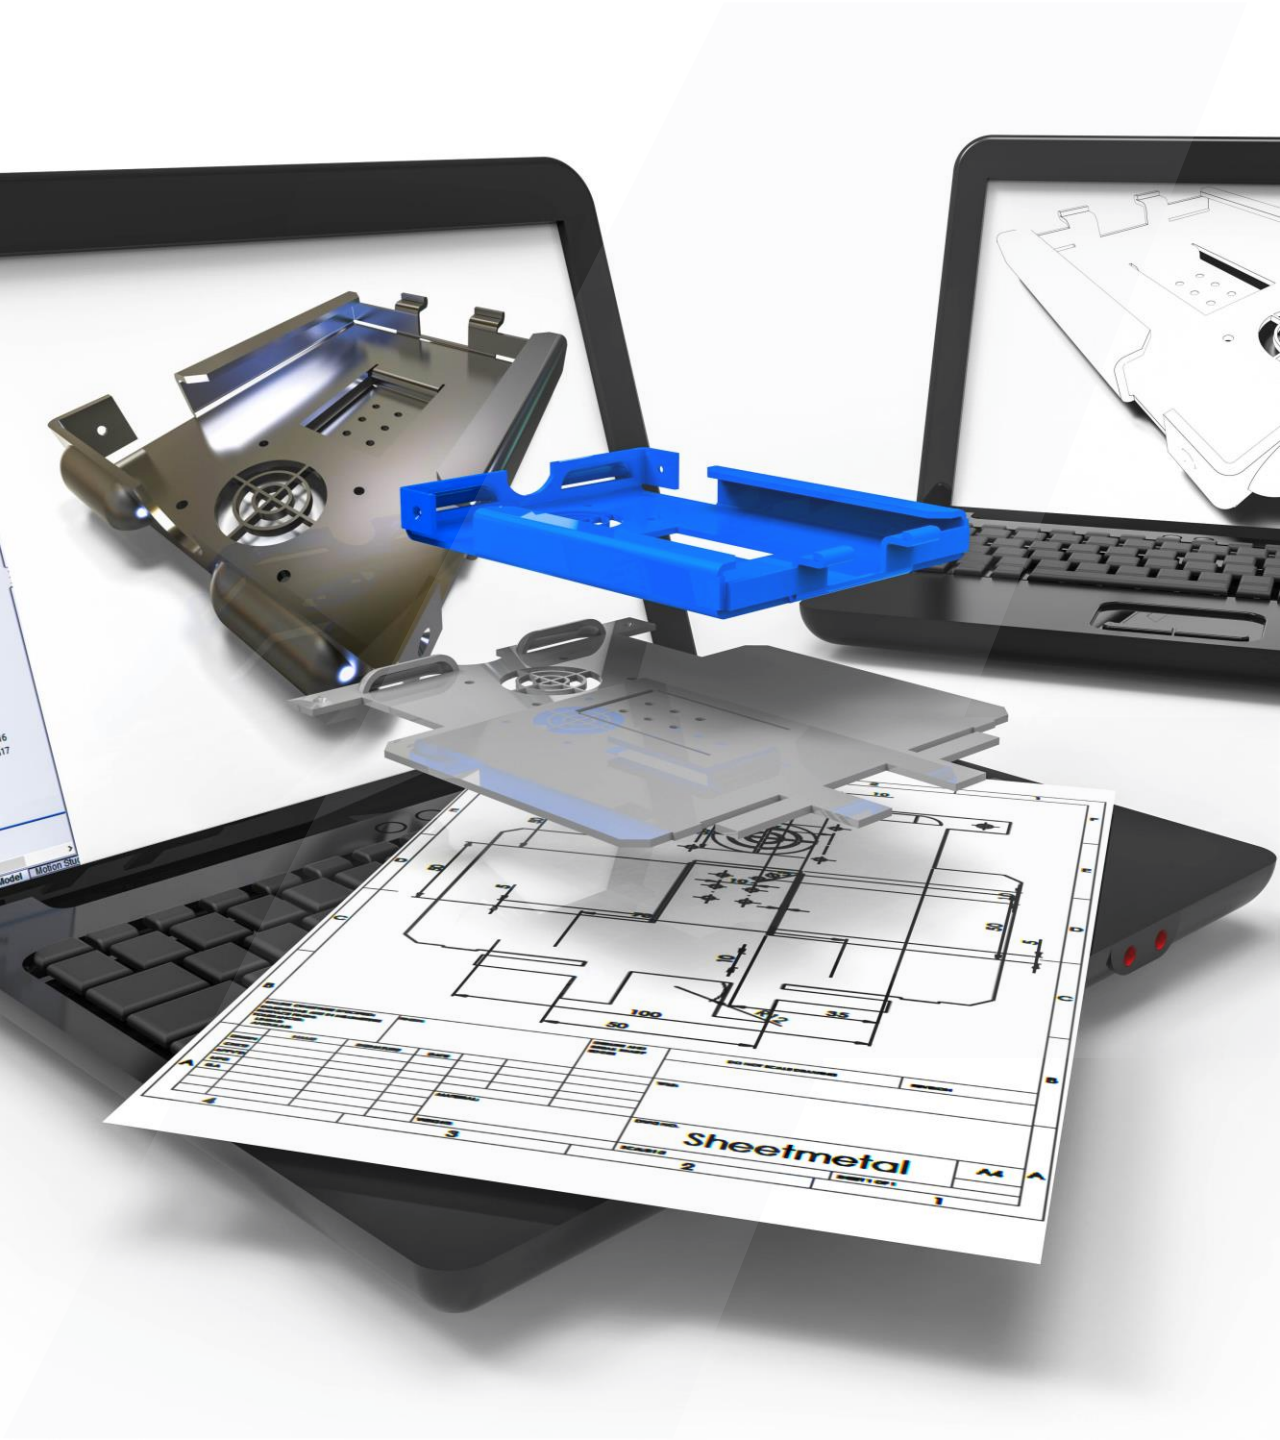

- Fulfillment is key to any successful product. We take the time to understand your needs and tailor each products packaging to your requirements and delivery dates.

Our Services

- **CAD Design**
- **Logistics**
- **Laser cutting**
- **CNC machining**
- **Punch press**
- **Press brake forming**
- **Precision welding**
- **Metal finishing**
- **Product assembly**
- **Packaging**
- **Fulfilment**

WHAT OUR CUSTOMERS ARE SAYING-

"As a supplier to government entities we are always required to provide the highest quality in our products. Having K-2 Manufacturing as a supplier has helped make this an easy task. We appreciate the attention to detail and quality you have given to the many different parts you supply to us while maintaining an on time delivery schedule. It's always a pleasure to be at a trade show and hear our potential customers comment on the quality they see in our product.

Thank you for your years of excellent service!"
